The ultimate Home Theatre Solution

A home is the ultimate escape for leisure and comfort in the company of friends and family.

Aries Homeplex adds to the private setting of your home, by converting a room into a home theatre. Enjoy the perfect mood of entertainment in the most relaxed setting with Dolby Atmos sound, 4K Projection, plush recliner couches and automated consoles.

FRIENDS, FAMILY & ENTERTAINMENT

The Aries Homeplex solution is geared to offer you a complete Home Entertainment Solution. Be it watching a football match or an educational video with your friends, or a movie with your family and loved ones, you can experience the ambience of a private theatre starting from just 150 sq.ft, within the boundaries of your home.

ARIES GROUP

ARIES PLEX

AriesPlex, the latest offering by Aries Group, is a one of its kind Finest Dual 4K ATMOS theatre which aims to transform Film exhibition experience in India. With 6 ultra modern screens, this large-scale landmark multiplex has been built to perfectly support today's entertainment.

Courtesy the magic of 4K twin projectors, DMAX 3D and 64 channel Dolby Channel Atmos technology, AriesPlex amalgamates the best technology and facilities that are available making it the most advanced multiplex in South India. Besides the high definition projection of movies, AriesPlex is also facilitated with comfortable seating arrangements, 3D capabilities and special screening spaces are also built for exceptional shows and grand exhibitions.

The Aries Homeplex is a specialty offering from the house of India's No.1 multiplex establishment, the Ariesplex.

MAKING EDUCATION FUN

The Aries Homeplex can double up as the best ultramodern education tool for your children. By supporting videos on large screen with superb audiovisual quality, infotainment material can be used to study and train, whether you are a student or a teacher.

BRINGING COMMUNITIES CLOSER

The Aries Homeplex finds immense application as a common utility room fitted with high quality seats, and can be used to screen movies, corporate videos and other audio-visual content. Ideal for corporate towers, clubs, and other public buildings.
